Dear Bill:

Regarding "FURROW DUMPING" I have attempted no less than 10 phone calls to arrange a meeting with Mr. John Solon, owner of subject parcel. Much to my dismay he is never in when I call.

While driving by said parcel last weekend I noticed that the spring plowing had been accomplished. Hence, we once again have been made subject to "FURROW DUMPING" a dirty and disgusting situation in the least.

Though the clean-up of this annual furrow dumping is a messy job, I offer the following recommendation:

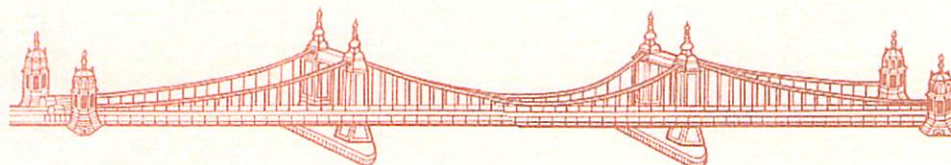

1. Post a sentry along the east perimeter of Moraine Drive.
2. Said Sentry's charge shall be to:
 - a. Shoot the first son-of-a-bitch to "FURROW DUMP" on us; or
 - b. In the event the "FURROW DUMPING" occurs on the sly, as has already occurred this Spring - why don't we consider a shovel brigade... headed by the Sentry. Said brigade could cast this FILTHY FURROW back to the area from whence it came.

Sorry Bill, but I couldn't get to John in time... I didn't check the obit's though I doubt that was necessary. John doesn't work many hours per week... his clientelle has mostly died off.

Regretfully yours,

Richard G. Ruthenberg
